3RS Insured Property Owners Storm Damage Recovery Guide©

By Larry Burtis - President/CEO ICCOA / 3RSystems, LLC

Become an informed insurance consumer by learning and understanding how the insurance claim process should really work.

This helpful and educational 3RS Insured Property Owners Storm Damage Recovery Guide© is being made available by 3RSystems, LLC for free to millions of insured commercial and residential property owners from across the country in order to help them to learn how to achieve fair and full insurance claim settlements from their property & casualty insurance companies if their properties are currently or later become damaged by a severe storm or other insurance covered disaster.

If you have already experienced insurance covered storm caused or other property damage or you do experience insurance covered storm caused or other damage to your property at a later date, I highly recommend that, for best results on your storm caused or other property damage insurance claim, you search for and hire a certified 3RSystems, LLC trained property damage restoration contractor from your area who will be familiar with this guide and can prove they have completed the advanced 3RSystems, LLC storm damage restoration contractor training program.

Topic titles - what you will learn from the guide

Pulling back the P&C insurance industry curtain

Why do insured property owners need this guide?

The truth never changes, but it does change that which is not

Insurance companies are not your friends

Insurance terms and titles you need to know

Property & Casualty insurance and the free market

What is “The UPPA WALL?”

When your contractor hits “The UPPA WALL”…what are your options?

Who ultimately approves (or denies) your insurance claim?

How your insurance premiums are calculated

Property & Casualty insurance agents - can they help you with your claim?

Understanding and interpreting your insurance policy

What to do if you have a mortgage on your property

What are General Contractor Overhead & Profit (GC O&P) Payments?

Breach of Contract and Tortious Interference - "the contractor is charging too much?"

(Beware of) "Hired Gun" insurance company paid forensic engineers

What is Ordinance or Law (O or L) coverage?

Insurance deductibles - when should you pay them?

First things first – “The Claims Process - from Filed to Final"

Common covered damage that insurance adjusters regularly omit

Additional advice and warnings to insured policyholders

Adjuster/Engineer/Desk Adjuster Questionnaire/Report forms

Insured property owner general claims process instructions

When you become a 3RSystems, LLC trained and certified storm damage restoration contractor, you will receive a full and complete copy of the same guide that 3RSystems, LLC has already made available to millions of insured commercial and residential property owners from across the country.
